PRELIMINARY AMENDMENT

Assistant Commissioner for Patents  
BOX CPA  
Washington, D.C. 20231

Sir:

Please amend the above-identified application as follows.

IN THE CLAIMS:

Please amend claims 1-12 and 19-22, cancel claims 13 - 16 without prejudice or disclaimer, and add new claims 23-31. After amendment, claims are as follows.

1. A method of distributed cryptographic computation using a plurality of distributed electronic devices, said method comprising:
- (a) computing shared values over a known and agreed context, each value being shared among a distinct subset of the plurality of distributed electronic devices;
- (b) at each of a plurality of the distributed electronic devices, generating a random value using said shared values;
